Legacy Youth Ministries Dress Standards
(A suggestion for leaders and students)

Our love relationship with God is internal/heart oriented with loving boundaries set in place to live by. God has built His laws into man, allowing us to know right and wrong. We understand these laws through our heart or conscience, but sometimes that gets snared. God then gives us the law to affirm what was already written on our hearts.

In that light we'll share some thoughts on the "dress code"; NOT to make more rules but to **shed light on an important issue of our daily lives**. As children of God we must recognize the value God has placed on His children; "value" requires honor and respect. God created us with precision and accuracy, He didn't use "left overs", and He created us in His own image, Incredible truth! God gave us two important commands 1) that we love Him with all our being and 2) that we love our neighbor also. So, it's safe to say that when we dress we should keep our brother and sister in mind. Our attire should not present an opportunity for others to be tempted. *(It's true - you cannot cause anyone to sin, but the way you dress surly can present an opportunity for them to be tempted).*

Outward change is futile unless it comes from inward transformation. Ponder this - What does your choice of clothing say about you? Ladies in particular - Does your attire help or hinder your male friends to walk in the purity God desires of them? Do you dress to impress anyone looking OR do you desire to please The Lord in ALL your ways? Does your outfit physically allow you to radically worship the Lord without revealing all kinds of body parts!? (Can you dance with all your might? Raise your hands HIGH in surrender? Fall on your knees in brokenness? Etc, etc, etc...) With these thoughts in mind prayerfully consider the following "dress code"? Again, this is not a legalistic plea for "holiness" and "purity", it's a challenge to release *even this area* of your life to your loving Savior and allow Him to transform you.

DRESS CODES FOR WOMEN:

- Halter tops, low-cut, spaghetti strap tops or dresses are inappropriate. Modest tank tops that are wide strapped and not tight fitting are allowed.
- Shorts are totally fine, but they must be MODERATE in length. Moderate meaning the shortest being a hand length above the knee.
- Clean, loose fitting pants, jeans or Capri's can be worn
- We want to maintain a good balance between respect and comfort
- No mini skirts are allowed, when sitting no upper thigh/leg must be showing.
- Slits in skirts or dresses must be below the knees.
- Slips should be worn under loose, flowing skirts (they have a tendency to be "see through" in the sunlight!)

DRESS CODES FOR MEN:

- Shorts may be worn on campus, but must be **moderate in length**.
- Beards and mustaches should be neatly groomed.
- We want to maintain a good balance between formality and comfort; Long shorts or pants are appropriate.

We realize this dress code is not necessary for everyone. However, past situations brought us to a place of needing to set guidelines and we appreciate your cooperation.

Thank You, LYM Team
